Questions:

1. Please provide personal biographical data including information on your family, community involvement, work history, and your qualifications for office.

Christopher Dahl is 36 and considers himself to be a Chattanooga native. Being born in Shelbyville Tennessee, Mr. Dahl had to move because his family was displaced by an apartment fire. He then spent a few years of his Childhood Living in Gurnee Illinois with both of his parents. There Dahl attended Christin School and at a young age would go out and minister to the community of Zion Illinois. His parents split up and after another year Mr. Dahl's Mom brought him to live with their great grandmother for a bit in Nashville. They would soon move to Soddy Daisy with his grandparents. For some time Chris Lived in Soddy Daisy where he attended two different Elementary Schools. Later on, Mr. Dahl's Mother moved then to the Highway 58 area. While living there Mr. Dahl attended Lakeside elementary, Bess T. Shepard, and Tyner Middle School Then Chattanooga school of Liberal Arts. During his time at CSLA, Mr. Dahl decided he wanted to know his Father and Moved to Gurnee Illinois. There he attended Warren Township Highschool where not only did he graduate early, but also help the school achieve the Blue ribbon award of Excellence and was part of the Future Business Leaders of America. After Highschool Mr. Dahl got

2. Please describe your experience/relationship with public schools.

I grew up a product of the public school system. I also attended a differnt school almost every year. I watched as hamilton county promised new facilities, upgrades and expansions all my life.

3. Describe your platform's impact on the future of public education in Chattanooga.

I want to reorganize the Parks and rec department. And look to redeveloping the Concept we have for the recreation centers. Also I want to get rid of Fraud,Waste and Abuse of our tax dollars. This plays into our city's headstart program and how it needs to be audited. I would like to see more after school programs at the rec centers provided with the aide of the school system.

4. What is the role of the city in public education and how do you see its resources positively impacting students in our area?

The city in the mid 1990's seemed to have washed their hands of the school system then sold off their school buildings. Then they picked up being a part of the Headstart program only to be able to have another source of funding. I am not postive from what i have discovered that the city's funding collected for "education" purposes is being used in a postive way.
